## Ladies Short Game Schools

**10am-12 \$35      Open to 10 ladies**

A 2-hour instructional session focused on short game. We will spend time on many various situations, and have practice stations setup for the students to work on their technique. Learn to chip and run, pitch, and flop high soft shots on to the green. Next, we will get in the green side traps and hit short and long bunker shots. Maybe even learn some specialty shots. A fun filled time learning many techniques.
